

BLACK PEARL PROJECT CAPITOL TO CAPITOL PRESS TOUR GUIDE

SRVIVRS[®]

SEE GOOD • DO GOOD • SHARE GOOD

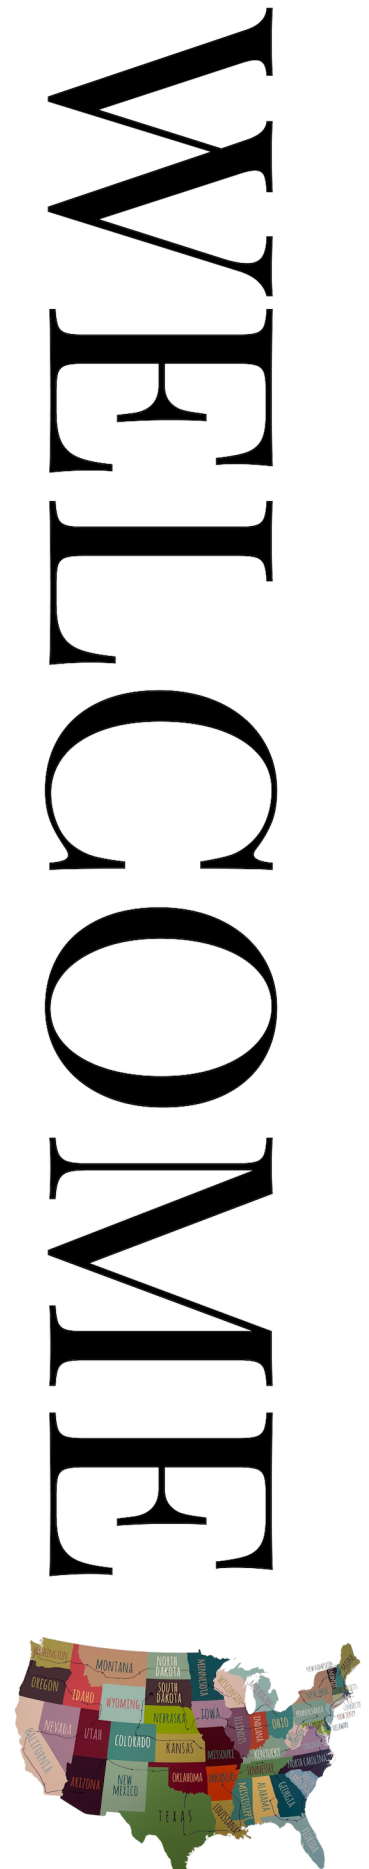

In 2017, we lost our young daughter Lilli in a fatal car accident. Losing a child changes you forever. That's why we formed SRVIVRS, an organization that supports those afflicted by grief to heal through service.

Our family is setting out on a 48-state tour, known as the Black Pearl Project in which we will share how good things can evolve from grief. Mourning doesn't have to be a dark shadow - because we all have potential to be survivors!

- **FAST & FUN RUN FACTS:**
 - **12-months**
 - **17,000 miles**
 - **48 States = 48 Capital Cities!**

Join us! Run, walk, bike or ride in honor of someone in your family or community. - Joshua and Stacy Nehring

TOUR EVENTS

While on the road, Joshua may be busy running (and consuming copious amounts of calories), but this activity is his way to serve others. Joshua has always had a life long passion to honor those who have passed. Running is his way of healing through grief. In addition, Joshua and Stacy are on a mission to share their story and empower others to heal with the support of the community, friends, family, and civic leaders.

Grief is universal. Recognizing that we are all survivors is the first step to healing.

Capitol Tour Visits:

Join us as we crisscross the U.S. visiting all 48-states and towns in between. Sign up to *Move in Memory* with Joshua and run or bike with us through your community. We'll visit each capital city as a meeting point and honor those who have passed by offering support and healing.

Meet and Greet with Stacy:

Stacy will share her story and serve as a keynote speaker with communities, groups and people looking for support and inspiration on how to serve in memory of a loved one.

***Move in Memory* for someone!**

Grab the walking sticks, lace up the running shoes, jump on the bike - whatever your mode - we want to get you moving! Join us as we *Move in Memory* for someone in your community that you want to honor.

Empowering all who have lost to serve
others in memory of their loved one
